

## Menopause 731™

### Comprehensive menopause relief

Item #02204 • 30 tablets

Menopause 731™ uses a unique, clinically studied extract of Siberian rhubarb to address 11 common menopausal discomforts: hot flashes, night sweats, irritability, mood swings, sleep disturbances, exhaustion, joint and muscle discomfort, vaginal dryness, urinary health, and sexual function. It's comprehensive menopause relief in a convenient, once-daily tablet.

ERr 731® Siberian rhubarb extract offers comprehensive relief by specifically targeting the estrogen receptor ER-β while leaving the other estrogen receptor, ER-α, alone.<sup>1</sup> The standardized extract in our formula has been tested in clinical studies ranging from 12 weeks to two years.<sup>2-4</sup> Over 400 women have reported overwhelmingly positive results:

- Up to 83% reduction in total menopausal discomforts<sup>4</sup>
- Up to 83% reduction in hot flashes<sup>5</sup>
- Up to 66% reduction in irritability and mood swings<sup>3</sup>

This extract produced significant relief for 11 distinct menopause discomforts, especially for hot flashes, night sweats, irritability, and mood swings.<sup>2-6</sup> Try Menopause 731™ today!
